Level 3 and 4 students who start in Weeks 2-5 can access Unitec's NZCEL online course which covers the first month of study. This means all students will be equally prepared for the assessments, whether they have studied at home or at Unitec.

The tuition fee includes class contact and the distance learning component which covers the same content as the classroom lessons in weeks 1, 2, 3, 4, or 5.

### Short courses

Unitec welcomes international students who wish to study English for 4-8 weeks as a short course, beginning in weeks 1-5 of each term (the start dates shown on this flyer).

Students study in the normal NZCEL classes, but will be awarded a Certificate of Attendance rather than the NZCEL qualification.

**The fee is \$435 per week.**
