

## Scholarship & Award Regulations

### Unitec Progression Scholarships – 2022

The following regulations relate to a scholarship offered by Unitec New Zealand Limited (**Unitec**). By applying for the scholarship, you agree to be bound by these regulations.

#### 1. SCHOLARSHIP NAME: Unitec Progression Scholarship (“Scholarship”)

#### 2. PURPOSE OF THE SCHOLARSHIP

**2.1** The purpose of the Scholarship is to encourage students who are completing or have already completed their programme at Unitec, to continue to a new programme of study.

**2.2** Unitec recognises that financial support is an important consideration for our ākonga in planning their next steps. The scholarship provides both financial support and mentoring opportunities in the first year of the new programme of study.

**2.3** Learners who have done well in their studies and want to progress to a new programme, are encouraged to apply. The new programme must be at least one-semester long but will typically be two to three years long.

#### 3. SCHOLARSHIP FINANCIAL VALUE

**3.1** The value of the scholarship is \$1,500.00 for a full year of full-time study; or pro-rata for one semester full-time programmes.

**3.2** The scholarship is provided to learners to cover education related costs and is paid:

- in two equal payments of \$750.00 each semester; or
- where the student’s programme is only one semester long by one payment of \$750.00.

**3.3** A pro-rata value will also be considered for learners who need to study part-time because they are either disabled learners or they have carers responsibilities as either sole parents or whanau/fanau members.

**3.4** You may not defer or suspend the scholarship without the prior written permission of the awarding Head of School or Director.

**3.5** Once awarded for a particular programme and School, the Scholarship is not transferrable to another Unitec programme or School.

#### 4. DURATION

**4.1** The scholarship is awarded for one year i.e., two semesters of consecutive study. Where a student is awarded the scholarship for a programme that lasts for one semester, then the duration of the scholarship is one semester only.

#### 5. WHO IS ELIGIBLE

## 8. COMMITTEE PREFERENCING

**8.1** It is important to Unitec to manaaki the success of our learners and communities. Our strategic vision includes parity goals for Māori, Pacific, and under 25 learners, and goals to enhance the success of disabled and neurodiverse learners. We also want to manaaki the success of first in family to pursue tertiary education, sole parents, and International students.

**8.2** Additionally, Schools may have further selection preferences. These preferences will be made available on the scholarships website and will be updated each scholarship selection round. Preferences may be given to learners who complete programmes within their School and progress to a new, higher level programme within the same School and/or related to their parity targets, e.g. more males in teaching, or moving from a Level 3 to Level 4 Certificate at Bridgepoint.

## 9. SELECTION COMMITTEES

**9.1** Selection committees are made up of at least three relevant members of Unitec, including the Head of School (or their delegate) as Committee Chair (“**Committee**”).

The Committee review all applications received and will make award recommendations based on a combination of:

- responses to the scholarship questions;
- GPA scores;
- Unitec priority group goals – namely to achieve parity for Māori, Pacific and Under 25 students, and enhance the success of Disabled and Neurodiverse learners, sole parents, and ākonga with carers responsibilities; and
