

# Bachelor of Engineering Technology (BEngTech)

## Programme Regulations

These regulations align with the Bachelor of Engineering Technology (112606-5)

### 1. Admission

To be eligible for admission to this programme, all applicants must meet three admission requirements:

- Requirements for either general admission, special admission, or discretionary admission
- Any additional Programme specific requirements
- English language requirements

<b>General admission</b>	<p>To be admitted to this programme all applicants must be at least 16 years of age on the date of the programme's commencement for the semester in which they wish to enrol (or provide a completed Early Release Exemption form), and meet the following requirements:</p> <ol style="list-style-type: none"> <li>University entrance A minimum on 60 NCEA credits at Level 3 including: <ul style="list-style-type: none"> <li>A minimum of 14 credits at Level 3 in Physics; and</li> <li>A minimum of 14 credits at Level 3 in Mathematics (including Algebra and calculus); and</li> <li>A minimum of 14 credits at Level 3 in one other subject from the list of approved NZQA UE subject list; and</li> <li>A minimum of 18 credits at Level 3 or higher taken from no more than two additional subjects from the approved subjects listing at NZQA.</li> </ul> </li> <li><b>or</b></li> <li>Equivalent academic qualifications which may include: <ul style="list-style-type: none"> <li>University Bursary with 45% or more in both Physics and Calculus or Algebra; or</li> <li>Equivalent Cambridge score; or</li> <li>Equivalent International Baccalaureate.</li> </ul> </li> </ol>
<b>Special admission</b>	<p>Applicants must have:</p> <ol style="list-style-type: none"> <li>attained the age of 20 years on or before the first day of the semester in which study for the programme is to commence; and</li> <li>provided sufficient evidence of aptitude or appropriate work or other life experience that would indicate a successful outcome in the qualification.</li> </ol>
<b>Discretionary admission</b>	<p>In exceptional cases an applicant who does not meet the general admission requirements and who has not reached the age of 20 on or before the first day of the semester in which study for the Certificate is to commence may apply for discretionary admission.</p> <p>In assessing whether to grant discretionary admission in exceptional cases, the primary focus will be on the applicant's level of preparedness for study at the required level.</p>
<b>English language requirements</b>	<p>All applicants must provide evidence that they have the necessary English language proficiency required for the Programme as demonstrated by the equivalence of a minimum of 10 NCEA English credits at Level 2 or above made up with a minimum of 5 credits in reading and a minimum of 5 credits in writing.</p> <p>International applicants and any Domestic applicant for whom English, Māori or NZ Sign is not their first language must also provide evidence that they have the necessary English language proficiency required for the Programme as demonstrated by an equivalent of overall band score (Academic) of 6.0 IELTS,</p>

	(writing and speaking score no less than 6.0 and reading and listening bands no less than 5.5) or equivalent.

## 2. Recognition of Prior Knowledge and Skills

<p><b>Credit Recognition</b></p> <p><i>Credit Recognition complies with Unitec's Assessment, Moderation and Grades Policy and associated procedure.</i></p>	<p><b>Cross Credit</b></p> <p>Credits will not be awarded for successful study that took place more than 5 years prior to the date of first enrolment in the programme.</p> <ol style="list-style-type: none"> <li>A student may be awarded credits or exemptions in recognition of successful equivalent study, at the same or a higher level in the context of another programme.</li> <li>The credit recognition may be:             <ol style="list-style-type: none"> <li>specified, where there is direct equivalence of the learning outcomes of a completed course and a course in the programme; or</li> <li>unspecified, where the previous study has taken place in a programme with a similar philosophy but there is no exact match in the programme's courses.</li> </ol> </li> </ol> <p><b>4.2 Aromatawai Tōmua   Assessment of Prior Learning (APL)</b></p> <p>Assessment of Prior Learning is available for all courses in this programme. APL decisions will be made on a case-by-case basis under the Unitec Assessment of Prior Learning Procedure.</p> <p><b>4.3 Ngā whakawhitinga   Credit Transfer</b></p> <p>A graduate of the NZ Diploma in Engineering (NZDE) may be awarded 180 credits towards BEngTech in the appropriate major. Cross Credit processes will be applied according to 4.1 above.</p> <p><b>4.4 Tu Mātauranga   Advanced Standing</b></p> <p>Students may be eligible for Advanced Standing entry to the Bachelor of Engineering Technology programme. Advanced standing applications will be considered from experienced practitioners and/or graduates with other qualifications. Advanced standing will be assessed using criteria from the graduate profiles and programme outcomes from the Bachelor of Engineering Technology in accordance with credit recognition regulations (4.1 &amp; 4.2).</p> <ul style="list-style-type: none"> <li>Students may be admitted to the second year of the programme if they have provided evidence that they have the qualifications and/or experience equivalent to the learning outcomes and standards of the first year of the degree.</li> <li>Students may be admitted to the third year if they have provided evidence that they have the qualifications and/or experience that is equivalent to the learning outcomes and standards of the first and second year of the degree, including suitable qualifications and/or experience in the particular field of their intended major.</li> </ul>

## 3. Award of Qualification

To be awarded the Bachelor of Engineering Technology, a student must successfully complete a minimum of 360 credits in the pattern set out in Table 1a or 1b according to their Major. Courses are completed from the Major Specific compulsory and elective courses set out in Table 2a (i, ii & iii) & 2b (i, ii, iii) and additional Common Elective courses set out in Table 2c.

**Table 1a: Credit Requirements for Bachelor of Engineering Technology (Civil Engineering)**

Level	Compulsory Credits	Major Specific Elective Credits	Major Specific OR Common Elective Credits	Total Credits
5	165			165
6	45			45
7	45	15	15	75
5, 6, or 7		45	30	75
				<b>360</b>

6	30			30
7	45	15	15	75
5, 6, or 7		120	30	150
				<b>360</b>

**Electives**

Electives within each major are to be selected from courses specified within that major or from courses from the common elective list (Table 2c). Electives selected must meet academic requirements for course prerequisites and completion of the programme.

A maximum of 30 credits (two electives) at level 5, level 6, or level 7, from outside the programme may be credited towards the degree following approval from the Programme Committee/Head of School. These may replace both major specific and common electives. Any course must have a coherent relationship to that major. Such decisions must align with each Metro ITP's QMS and the NZQA Rules for Bachelor's degrees.

Courses are completed as described in Table 1a and 1b above from the Major Specific compulsory and elective courses and additional Common Elective courses set out in the tables below.

<b>Programme Progression</b>	Learner progression must comply with the pre- and co-requisites for each course – as identified in the tables above, however these may be waived with approval from the Institution's Programme Manager / Head of Department (or their delegate). Recommended optional pathways also present an indicative pattern in which they should be taken to ensure coherence. The order of courses is indicative only. However, MG7101 and MG7121 should occur as close to the end of the programme of study as practical.				
<b>Programme completion</b>	<p>The minimum time to complete this programme is 3 years (full-time study).</p> <p>The maximum time to complete this programme is 10 years from the date of first enrolment.</p> <p>The delegated authority may approve an alternative maximum completion time.</p>				

#### 4. Assessment Regulations and Procedures

<b>Assessment Regulations</b>	<b>Assessment Basis</b> Assessment in this programme is achievement based using an 11-point grading scale. Students must obtain at least 50% overall score in any achievement-based course in order to pass that course.  Students must achieve a minimum of 40% in both aggregated coursework marks and in any final examination, with an overall grade of C- (50%) or better to pass each course. Any deviation to this will be advised on the Course Descriptor.  <b>Course grades</b> Course grades will be determined by the mathematical aggregation of weighted assessment marks and reported according to the following scales. <b>Table 3: Achievement based 11-point assessment system</b>																																																
<i>Assessment Regulations comply with Unitec's Assessment, Moderation and Grades Policy and associated procedure.</i>	<table><tr><th>Grade</th><th>Meaning</th><th>Result</th><th>Percentage</th></tr><tr><td>A+</td><td>Distinction</td><td>Credits Earned</td><td>90 – 100</td></tr><tr><td>A</td><td>Distinction</td><td>Credits Earned</td><td>85 – 89</td></tr><tr><td>A-</td><td>Distinction</td><td>Credits Earned</td><td>80 – 84</td></tr><tr><td>B+</td><td>Merit</td><td>Credits Earned</td><td>75 – 79</td></tr><tr><td>B</td><td>Merit</td><td>Credits Earned</td><td>70 – 74</td></tr><tr><td>B-</td><td>Merit</td><td>Credits Earned</td><td>65 – 69</td></tr><tr><td>C+</td><td>Pass</td><td>Credits Earned</td><td>60 – 64</td></tr><tr><td>C</td><td>Pass</td><td>Credits Earned</td><td>55 – 59</td></tr><tr><td>C-</td><td>Pass</td><td>Credits Earned</td><td>50 – 54</td></tr><tr><td>D</td><td>Fail</td><td>No Credits Earned</td><td>40 – 49</td></tr><tr><td>E</td><td>Fail</td><td>No Credits Earned</td><td>0 – 39</td></tr></table>	Grade	Meaning	Result	Percentage	A+	Distinction	Credits Earned	90 – 100	A	Distinction	Credits Earned	85 – 89	A-	Distinction	Credits Earned	80 – 84	B+	Merit	Credits Earned	75 – 79	B	Merit	Credits Earned	70 – 74	B-	Merit	Credits Earned	65 – 69	C+	Pass	Credits Earned	60 – 64	C	Pass	Credits Earned	55 – 59	C-	Pass	Credits Earned	50 – 54	D	Fail	No Credits Earned	40 – 49	E	Fail	No Credits Earned	0 – 39

| **Grade Criteria** Students may be awarded one of the following grades for a course: **Table 4: Grade Criteria** | |
| | Grade | Meaning                          | Criteria  | |-------|----------------------------------|---| | CR    | Credit Recognition <sup>1</sup>  | The student has applied for and been awarded a credit recognition from another qualification  | | CTG   | Continuing <sup>2</sup>          | The Course runs for more than one semester and the final Summative Assessment has not yet occurred. No Credits earned   | | DEF   | Deferred                         | The student has approval to complete a Course Assessment beyond the schedule date. Unless an exception has been approved, any Deferred Grade remaining on a student's record beyond a duration equal to that of the original course will be changed to the grade to which the student would otherwise be entitled. No Credits earned. | | DNC   | Did not Complete                 | The grade DNC (Did Not Complete) is recorded if a student has either withdrawn after 75% of the scheduled Course duration; or not attempted a compulsory item of Assessment within a Course. No Credits earned.   | | ES    | Student Exchange                 | The student has completed an approved inter-institutional exchange, and it is not appropriate for another grade to be awarded. No Credits earned.   | | NGA   | No Grade Associated <sup>3</sup> | Course assessment and reporting of results are not required for this course or are carried out by an external agency. No Credits earned   | | R     | Restricted Pass                  | The student has been awarded a restricted pass subject to Relevant clause in this schedule. Credits earned.   | | |

W	Withdrawn <sup>4</sup>	The student withdraws from a Course after 10% of the scheduled Course duration and up to, or at, the date at which 75% of the scheduled Course has passed. No credits earned.
#	Estimated Grade <sup>5</sup>	If any portion of Summative Assessment has been estimated, the final grade will be an estimated grade, and annotated “#” on the Student’s Academic Record.

<b>Assessment Procedures</b>  <i>Assessment Procedures comply with Unitec’s Assessment Moderation and Grades Policy and associated procedure.</i>	<b>Course Assessment</b> <p>Courses employ both formative and summative assessment activities. Formative assessments do not contribute to the final grade for a given course. All summative assessment elements are compulsory unless otherwise approved and noted in course information.</p> <p>Students must attempt all compulsory assessment activities in order to pass and receive credit for any course. Students who do not attempt a compulsory item of assessment may be awarded a ‘Did Not Complete’(DNC) for the whole course and may not earn any credits.</p> <p><b>Assessment in Te Reo</b>  All students have the right to submit any summative assessment task in Te reo Māori. The process for submission of summative assessment work in Te reo Māori is governed by the Unitec Assessment in Te Reo Māori procedure and detailed in course material.</p> <p><b>Submission and late submission of work</b></p> <ol style="list-style-type: none"> <li>The due dates for all summative assessment work will be notified at the commencement of each course.</li> <li>Any assessment that is submitted late (and does not have a prior approved extension) will be penalised by a deduction of 10% per day of the participants assignment mark, up to five (5) days, inclusive of weekends.</li> <li>Applications for extensions must be made by according to procedure noted in Student Handbooks and course documentation.</li> <li>Any extension will be carried out within a specified time period as agreed with the relevant academic authority and no further extensions will be granted.</li> <li>Extensions are not available for any controlled assessment (i.e. tests, and examinations);</li> <li>No assessment will be accepted five (5) days (inclusive of weekends) after the due date. If the assessment is not compulsory, the participants will receive a ‘zero’ grade for that assessment. If the assessment is compulsory, then the participants will receive a Did Not Complete (DNC) grade for the entire course.</li> </ol> <p><b>Resubmission or Reassessment</b>  A student may be granted permission to undertake:</p> <ol style="list-style-type: none"> <li>a resubmission/reassessment for a failed assessment item within a course with the following conditions: <ol style="list-style-type: none"> <li>an application for a resubmission/reassessment must be made within 5 days of receiving their marked assessment.</li> <li>only one reassessment or resubmission per course;</li> <li>resubmission/reassessment is not available for any controlled assessments (i.e. tests, and examinations);</li> <li>any approved resubmission/reassessment will be carried out within a specified time period as agreed with the relevant academic authority.</li> <li>in all cases for resubmission, the original marked assessment will accompany resubmitted assessment. If resubmitted work is not accompanied by the original</li> </ol> </li> </ol>

	<p>marked assignment, the resubmitted work will not be marked, and the original grade will stand.</p> <ul style="list-style-type: none"> <li>vi. the maximum grade for any resubmission/reassessment of an assessment is the lowest pass grade.</li> <li>vii. assessments that are handed in late are not eligible for resubmission or reassessment.</li> </ul> <p><b>Or</b></p> <ul style="list-style-type: none"> <li>b. a reassessment for a failed course if they gained a mark of 40% or more in that course with the following conditions: <ul style="list-style-type: none"> <li>i. permission is granted on the recommendation of the relevant academic committee.</li> <li>ii. any reassessment will be developed to reflect the learning outcomes of the course and their respective weightings.</li> <li>iii. only one opportunity to undertake a reassessment of a course.</li> <li>iv. reassessment is not available for any controlled assessments (i.e. tests, and examinations);</li> <li>v. the reassessment must be taken within one month of the course end date.</li> <li>vi. a student passing the reassessment will gain the minimum grade available as a pass in the course.</li> </ul> </li> </ul> <p><b>Affected Performance Consideration</b></p> <p>A student may apply for Affected Performance Consideration (APC) if:</p> <ul style="list-style-type: none"> <li>a. The student is unable to attend an examination, compulsory assessment or fixed time and place assessment activity due to illness, injury, bereavement, or other critical circumstances</li> <li>b. The student's preparation for, or performance in an examination or any summative assessment has been seriously impaired due to circumstances beyond their control</li> </ul> <p>Applications for APC are made by a student within 5 working days of the affected assessment event. Decisions to approve an APC and to apply any remedy are made according to the Assessment and Grading Procedures and Regulations.</p> <p><b>Restricted Pass</b></p> <p>A restricted pass may be awarded in a course which was narrowly failed and where there is ample evidence that marginal failure is compensated by good overall performance under the following conditions:</p> <ul style="list-style-type: none"> <li>a. A minimum mark of 45% overall has been achieved including a minimum of 35% has been achieved in the exam, and/or a minimum of 35% has been achieved in the coursework;</li> <li>b. Restricted passes are not permitted for MG7101 Engineering Project or MG7121 Professional Engineering Practice;</li> <li>c. A restricted pass is awarded at the discretion of the relevant academic authority and may not be applied for directly by a student.</li> <li>d. A restricted pass is non-advancing and may not be used to meet the prerequisite of another course;</li> <li>e. A student can graduate with one restricted pass only.</li> <li>f. A student may decline the award of a restricted pass by notifying the relevant academic authority in writing not later than 20 working days from notification of the results.</li> </ul> <p><b>Repeating Courses</b></p> <p>Students who are repeating a Level 1–8 course would normally be required to submit all assessment items. In some cases, with the prior approval of the relevant academic authority, students may not be required to repeat an equivalent assessment item that they had previously passed. This should be negotiated within the first two weeks of the commencement of the course and will specify any course grade that will be carried over. All course work marks carried through must be reported to the NZ BEngTech Quality Assurance Group annually.</p> <p>Students may enrol and repeat a course that they have failed only once. Permission to enrol for a third time is governed by Exclusion provisions below.</p>
--	--

	<p><b>Exclusions</b></p> <p>No student will be allowed to enrol in any course more than twice unless there are exceptional circumstances approved by the relevant academic authority.</p> <ol style="list-style-type: none"> <li>Any Student who fails to achieve at least 50 per cent of the credits that he or she is enrolled in in any 12-month period may be excluded by the relevant Academic Authority from re-enrolling in any further courses. The decision whether students can re-enrol in further courses will be based on a student's likelihood of succeeding in further study and will be made by the relevant Head of School.</li> <li>When calculating the 12-month period in a. above, Unitec reserves the right to include any relevant time spent by the student studying at another tertiary institution.</li> <li>A Student who has not achieved a Pass Grade in the same Course on two occasions shall not be enrolled again for that Course except with the permission of the relevant Academic Authority.</li> <li>The relevant Academic Authority will advise the student in writing of their decision, and the reasons for such decision, and any orders made.</li> </ol> <p><b>Examination Regulations</b></p> <p>All formal examinations in this programme are governed by the Unitec Examinations Regulations.</p> <p><b>Appeals</b></p> <p>Students may appeal the decisions made under these regulations in accordance with the Student Appeal Procedure.</p>
