### **3.2 Mahi Waehanga Pāhekoheko | Work-based components**

#### **Field Experience**

As part of their learning hours, supporting a commitment to integration of theory and practice, all courses other than Professional Experience courses require students to engage in four hours per week of Field experience in a licenced early childhood centre. This amounts to twelve hours per week across three courses per semester in a full-time study load. Assessments will draw upon work-based learning as well as learning gained by directed and self-directed means.

#### **Professional Experience**

The key aspects and distinguishing features of Professional Experience are as follows:

- Students are provided with a range of Professional Experience covering learner age groups, socioeconomic, philosophical and cultural groups
- Students select their own licenced home centre for Wahi Ako (Professional Experience in the home centre) upon entry to the programme, the quality of these experiences are monitored and supported by a Visiting Lecturer and Associate Teacher

- External placements (Mahi Ako – Professional Experience in an away centre) are allocated by Unitec. Professional Experience placements are managed by the Professional Experience Coordinator and organised by the Professional Experience Administrator in accordance with the Teaching Council requirements.
- Professional Experience occurs in blocks of two weeks (semester one, year one) and four weeks every other semester (years one to three);
- Over the course of three years students complete twenty-two weeks of Professional Experience;
- Students are expected to attend the centre in which they are completing their Professional Experience for 7.5 hours per day, five days per week (inclusive of breaks/lunch).
- 100% attendance is expected (a minimum of 80% is required) and students are expected to record their attendance hours and have this signed by their Associate Teacher and Visiting Lecturer.
- Students are assigned an Associate Teacher in the centre (current full practising certificate or full (2) practicing certificate/Subject to Confirmation) who provides both formative and summative feedback throughout the placement,
- The Associate Teacher (AT) role supporting the student occurs in collaboration with all members of the ECE centre and the Unitec Visiting Lecturer.
- Students receive at least one visit by their Visiting Lecturer during every Professional Experience block. The Visiting Lecturer is registered and fully certified, holding a current full practising certificate (Type 1 or Type 2). Where there is only one visit, at least one phone/zoom call is made by the Visiting Lecturer to the student and the Associate Teacher to check on progress early in the placement.
- Visits and conversations conducted with the Visiting Lecturer provide formative assessment, and the last visit of any Professional Experience is also summative.
- The summative visit will include a professional triadic discussion between the student, the Visiting Lecturer and the Associate Teacher. These will be informed by the student's contributions in their online portfolios including: written reflections; completed summative assessment forms from all three parties; and an observation of at least 45 minutes by the Visiting Lecturer of the student as they are engaged with the children in the centre.
- When the Professional Experience occurs in a student's home centre (Wahi Ako), the student teacher must not be included in the centre's staff:children ratio for the duration of the visit from the Visiting Lecturer.
- The digital portfolio is shared with the Visiting Lecturer and Associate Teacher for formative feedback throughout the placement.
- If students do not meet the competency requirements on a Professional Experience, they will have one opportunity to repeat the placement. This will be provided once Unitec staff are confident that the student has had sufficient time and feedback to prepare for the repeated placement. Should they fail a second time they will fail the course and be unable to continue in the programme except under exceptional circumstances, as approved by a relevant academic authority, following Section 10 of Unitec's *Admission and Enrolment Procedures*.

### **3.3 Mahi Akoranga | A Wāhanga | Course Load per Semester**

The normal full-time course load is 60 credits per semester.

Students must attempt all compulsory assessment activities in order to pass and receive credit for any course. Students who do not attempt a compulsory item of assessment may be awarded a 'Did Not Complete' (DNC) for the whole course and may not earn any credits.

**6.2 Aromatawai I Roto I Te Reo | Assessment in te reo**

All students have the right to submit any summative assessment task in te reo Māori. The process for submission of summative assessment work in te reo Māori is governed by the Unitec Assessment in te reo Māori procedure and detailed in course material.

**6.3 Tāpaetanga Tōmuri | Submission and late submission of work**

- a. The due dates for all summative assessment work will be notified at the commencement of each course.

#### **6.6 Tuaruatanga | Repeating Courses**

Students who are repeating a Level 1–8 course would normally be required to submit all assessment items. In some cases, with the prior approval of the relevant academic authority, students may not be required to repeat an equivalent assessment item that they had previously passed if the assessment in the repeated course is identical to the first attempt. This should be negotiated within the first two weeks of the commencement of the course and will specify any course grade that will be carried over.

Students may enrol and repeat a course that they have failed only once. Permission to enrol for a third time is governed by Exclusion provisions below.

#### **6.7 Whakakorenga | Exclusions**

No student will be allowed to enrol in any course more than twice unless there are exceptional circumstances approved by the relevant academic authority.

#### Support for transitioning students

BTEC Orientation beginning of 2022. This will contain:

- An introduction to new courses and the new expectations in regard to Work-based Learning (Field Experience and Professional Experience).
- Key Teaching Tasks. Level 6 students will have already been introduced to these in 2021. This session will be a refresher for them and information for others.

#### *Te reo Māori self-assessment*

This is being conducted in Semester 2, 2021 with current Level 5 and mid-year intake Level 6 students and goals for progression are being set with students for 2022.

#### *Transition workshops*

Across Semester 1, 2022, there will be fortnightly workshops for transitioning students to revisit the expectations of the new degree, provide an opportunity to check in with them on their progression through the Key Teaching Tasks, and answer any questions they have.

#### *Additional support*

Transitioning students will also be able to access Academic support at any time by contacting the Programme Coordinator and/or Course Co-ordinators. Year Group leaders will monitor student well-being. Our Learning Outreach Partners from Student Success, including Māori and Pacific expertise are also available to help facilitate wider academic and pastoral support that students might need.

#### *Cross-crediting BTECE courses into the BTEC to enable graduation*

Learning Outcomes from the BTECE courses have been mapped onto the Learning Outcomes and Graduate Profile Outcomes of the BTEC, to demonstrate that no learning will be lost. Transitioning students will be cross-credited to ensure they are eligible to graduate with the BTEC.

#### **Timetabling the transition**

The following courses will be taught in Semester 1 and Semester 2 of 2022 to ensure the completing or transitioning needs of all students.

Resourcing-wise, the only difference to the current loading on the teaching team – used to teaching two cohorts of Level 5 every year and from thereon single cohorts at Level 6 and 7 – is the fact that we will need to teach both a BTECE and a BTEC cohort at Level 7 in Semester 2 of 2022. We have the capacity to do this.

From 2023 the BTEC pattern will be set. All Level 5 BTEC courses will be taught in both semesters to cater for students arriving at the beginning of a calendar year and those in the mid-year intake. The two cohorts will be collapsed in Level 6. In Level 7 the cohorts will again separate and all Level 7 BTEC courses will be taught in both semesters. This is to ensure that all students will experience the Culminating Integrative Assessment (embedded in EDUC7006 Personal Pedagogy & Leadership) in the final semester of their studies.

**Students needing individual care**

Students who have taken a break from their studies, who are active in our system but are not currently enrolled, will be contacted in 2021 to warn them that if they wish to complete their BTECE all study must be completed by the end of 2022. They will be offered an Individual Study Plan, which may include Summer School classes in 2022. If it will not be possible for them to complete the BTECE by the end of 2022 their Individual Study Plan will be negotiated to enable as smooth a transition to the BTEC as possible.

From mid-2022 all transitioning students will be enrolled in the new degree. Students needing to complete courses they have previously failed and any other anomalies will be provided with an Individual Study Plan, which may include Summer School classes in 2022.
