

Veterinary Clinic Pre-Application Work Experience Form

To the veterinary clinics staff:

All prospective students for the *New Zealand Certificate in Animal Technology – Veterinary Nursing Assistant* are required to complete three (3) days' work experience in a veterinary clinic prior to completing their application.

If you have been approached by a prospective student, and agreed to provide them with the required work experience, please complete this form regarding that students' time with you. Please note that allowing a student to complete these three (3) days with you in no way commits you to having the student for the remainder of the year for their ongoing work experience.

Name of the Student:

The dates of student attended:

Name of the supervising Veterinarian/ Veterinary Nurse:
