In completing the report, each examiner shall consider whether the work satisfies the requirements of the degree and shall make an appropriate recommendation in accordance with guidelines to examiners.
- c. In the event of any reference to plagiarism in an examiner's report, the Postgraduate Office may review the circumstances around such a claim before the report is referred to the Director Research and Enterprise/Tūāpapa Rangahau for approval of the final grade. If there is cause for concern about the claim, the Director Research and Enterprise/Tūāpapa Rangahau will enter into dialogue with the examiner to facilitate clarification.
- d. Where changes to the thesis, dissertation, or research project have been required by the examiners in order for it to be accepted and a grade awarded, these changes have to be made to the satisfaction of the student's primary supervisor. Confirmation the changes have been satisfactorily made needs to be sent to Tūāpapa Rangahau before the student submits their electronic copies for completion.
- e. Where there are two examiners and the recommended grades of those examiners are not identical, the Director Research and Enterprise/Tūāpapa Rangahau, having read the examiners' reports, shall apply the following steps in sequence until a result is reached:
  - i. Provided one of the recommended grades is not a failing grade:
    - a. If the range of recommended grades is two grade levels, the Director Research and Enterprise/Tūāpapa Rangahau shall award the higher of the two recommended grades;
    - b. If the range of recommended grades is three grade levels, the Director Research and Enterprise/Tūāpapa Rangahau shall award the intermediate grade between the two recommended grades;
    - c. If the range between two recommended grades is more than three grade levels, the Director Research and Enterprise/Tūāpapa Rangahau shall apply the process in clause e(iii) below.
  - ii. If one of the recommended grades is a failing grade, the Director Research and Enterprise/Tūāpapa Rangahau shall apply the process in clause e(iii) below.
  - iii. The Director Research and Enterprise/Tūāpapa Rangahau shall initiate a process of consultation with the examiners and endeavour to determine whether a closer agreement may be reached between the examiners.  
If, following that consultation, any of the conditions in this clause are satisfied, the Director Research and Enterprise/Tūāpapa Rangahau shall award the grade applicable under the relevant provision of clause e(i) above. However, if none of the conditions in clause e are satisfied, the Dean shall apply the process in clause e(iv).
  - iv. On the basis of a recommendation by the relevant Academic Authority and after due consideration and approval by the Director Research and Enterprise/Tūāpapa Rangahau, the Director Research and Enterprise/Tūāpapa Rangahau shall appoint an independent adjudicator (being an experienced academic in a relevant field and, normally, external to Unitec).  
The adjudicator will determine a final grade, within the range of grades originally assigned by the examiners, based on an assessment of the student's research work and anonymous copies of the previous examiners' reports and recommended grades (copies of which will be provided to the adjudicator).
- f. In cases where more than two examiners have been appointed, the Director Research and Enterprise/Tūāpapa Rangahau may accept a majority recommendation, provided the majority recommendation includes at least one examiner who is external to Unitec.
